Hi Laurie - Thank you for the notice. I will follow up with LADOT and see if there is anything we can do to improve signal timing at the Aviation/Century intersection.

Hi Brett - hope all is well. Was wondering if you could give us a general time frame for when the lane restriction along westbound Century Blvd just west of Aviation Blvd (where the k-rail is currently placed) will be removed? From my understanding, you guys still have work to finish up here but it would be great if we could find out how much more time the contractor needs it for. Thanks in advance for your help !

Hi Omar,

This morning (9AM - 9:30 AM) I encountered heavy traffic west bound on Century Blvd. from La Cienega to Aviation Blvd. It took me one half hour to travel the distance and at Aviation Blvd. the traffic flow opened up.

There was no accident or additional lane closures impeding traffic.

This is a reminder that you were going to check with Metro to inquiry about clearing the lane closures related to their construction project. In addition, I would appreciate it if you could have DOT check on the signal timing.

We are starting the very busy holiday travel season and anything DOT and Metro can do to reduce the traffic congestion would be appreciated.

Please note our new address below.
